### Main Image:

**Type:** Sports Pony  
**Date of Birth:** 1997  
**Height:** 14hh  
**Description:**

Max as he is known to his friends is a true all round competition pony. He combines fantastic paces, pure quality & an amazing jump with a temperament second to none.

Despite being full of presence & a real show off he has a lovely kind temperament which enables his young rider to do anything with him.

He is an ideal sire to add quality & stride to any mare. He can be used on any size of mare but to help nature we recommend A.I. on very small or very large mares.

### Pedigree Information:

He has some top Arab bloodlines in his Dam's pedigree.

**Stallion's previous breeding history:** He is a very versatile sire he can serve down to 11.2hh & crosses brilliantly with Welsh Sec.A mares, or be used (by A.I.) Many people have also used him on very large mares( to produce 15.2hh sports/intermediate ponies. He is producing over 70% coloured foals to none coloured mares, his plain foals are so full of quality with fantastic temperaments they are making top show ponies in their own right.
